• **Read and learn**

Popular Extreme Sports

Nowadays, extreme sports are popular all over the world. People like to experience excitement and enjoy the challenge. Here are some of them:

White water rafting

It is an exciting water sport. People, in groups of about eight, ride rough water in boats. It is a fun sport which needs teamwork. You can practice it with family and friends.

extreme
very difficult and exciting

challenge
something new and difficult

rough
having big waves

- **Read and learn**

Free running

It is popular with young people. The sport involves running, jumping, climbing, rolling, and many other movements. You don't need any equipment. All you need is your own body and the environment where you live. You can practice by yourself or with other trained people.

involve

to include something in an activity

equipment

things made, or used, for a particular activity

train

to teach skills or actions

- **Read and learn**

Rock climbing

It is a sport loved by children. In fact, people of all ages learn to do it. Children climb with ropes for safety. Some adults like to climb free. You can do it indoors or outdoors.

Would you like to try one of them?

Outdoor rock climbing
